

## STRATA DKT3200

Toshiba's Strata DKT3200 series of digital featurephones offer a wide choice of functionality, and range from a low-cost entry-level option through to a sophisticated large display featurephone with 14 keys.

Supremely robust and reliable, the DKT3200 series of featurephones from Toshiba provide a range of functionality to the user, helping improve productivity and efficiency.

### DKT3214F-SD

Digital hands-free featurephone with 14 programmable keys and large LCD display for full on-screen prompts for voicemail operation.

### Key benefits:

- » Red/Green Busy Lamp Field (BLF) indication shows who is on the phone or available.
- » Soft keys provide intelligent feature presentation for applications such as voicemail.
- » 10 different ring tones provide simple identification of the type of call.
- » Direct Dial-In (DDI) numbers can be assigned a specific ring tone for particular projects.
- » Access to shared mailboxes through multiple message waiting indication.
- » One-touch group pick-up with easy recall of calls placed on hold.
- » On-screen directory dialling on LCD featurephones reduces the need to search for numbers.
- » DDI and CLI on display featurephones increases the efficiency of your workforce.
- » Flexible and one-touch keys can be configured for regularly used functions.
- » Design matches the IP series of featurephones for a consistent look in hybrid configurations.
